

The image shows a mobile application interface for a file manager. On the left is a vertical sidebar with four icons: a folder, a square, three horizontal lines, and a puzzle piece. The main area at the top has a blue bar with a white plus sign, a folder icon with a plus sign, an upward arrow, and a circular refresh icon. Below this is a search bar with the text 'Filter files by name' and a magnifying glass icon. Under the search bar, the path '/ Untitled Folder /' is shown. A table-like list follows with two columns: 'Name' and 'Last Modified'. The first row is highlighted in blue and shows a document icon, the text 'glass assign...', and '8 seconds ago'. The second row shows a photo icon, the text 'student gra...', and '7 minutes ago'.
